
Live music audio recordings

Posted by azampino - 2007/04/29 11:56

We have been selecting some sample recordings from our live shows over the years. They can be found in the Live Audio section (see link at top). Feel free to comment on those takes. Do you have any favorites?

Also, we figure that posting these songs will make it easier for you to request songs that you like at our shows.
